CAE Colleagues,

It’s job hunting season!

As your partner in Information Assurance/Cyber Defense, NSA believes your students are well suited for many of our Cyber related student programs and full time positions throughout the National Security Agency (NSA). Please encourage your students to consider a career with NSA and help us spread the word about these opportunities to Department Heads and Career Service organizations on your campus.

Thank you for helping build a cadre of top talent to protect and defend information and cyber systems for the Nation.

“Defending Our Nation. Securing the Future”
“Confidence in Cyberspace”

The National Security Agency (NSA) anticipates hiring in excess of 1000 personnel in the coming year. NSA currently has a number of openings for full-time positions in all our mission areas. Students receiving degrees in Computer Science, Computer Engineering, Electrical Engineering, Software Engineering, Systems Engineering, or other Information Security and Cyber-related disciplines are encouraged to apply.

NSA’s Information Assurance Directorate (IAD) believes students from the NSA/DHS National Centers of Academic Excellence may be particularly interested in the following positions. Students may apply for these full-time positions by visiting www.nsa.gov/careers and selecting the position numbers listed below:

- **1049471** - Information Assurance Professionals
- **1049473** - Cyber National Mission Force Mitigation Analyst
- **1049475** - Trusted Engineering Solutions – Architecture and Engineering Development
- **1049476** - Software Project Manager
- **1049477** - Cyber National Mission Force Targeting Analyst
- **1049478** - Network Vulnerability Analyst
- **1049479** - Network System Engineer
- **1049480** - Computer Forensics Analyst
- **1049481** - Penetration Tester/Analyst
- **1049482** - Network Analyst
- **1049484** - Software Developer for Cloud
- **1049485** - Communication Systems & Technical Vulnerability Analyst
- **1049486** - Software Engineer
- **1049487** - Software Engineer/Web Developer
- **1049488** - Network Analyst
- **1049489** - Software Engineer
- **1049490** - Vulnerability Analyst
- **1049491** - Information Assurance Client Engagement, Corporate Communications, & Marketing
- **1049723** - Computer Network Operations Development Program (CNODP)
The NSA has over 20 different summer Internship Programs in addition to our CO-OP and Scholarship programs that, like our full-time positions, support all our mission areas and offer exciting opportunities in a wide array of disciplines, for example:

- **1048703** – Summer Internship Program for Information Assurance (SIP/IA)

Information on student internship, CO-OP, and scholarship opportunities can be viewed by visiting [www.nsa.gov/careers](http://www.nsa.gov/careers) and selecting the “Student Programs” link. To apply for current opportunities, select the “Job Search/Apply Online” link. Using the key word search, enter “internship,” “CO-OP,” or “scholarship.”

The application DEADLINE for most of the summer internships is 31 October; however, some of the math related internships is as early as 15 October.

Please Note:
- U.S. Citizenship is required for all applicants
- Reasonable accommodations will be provided to applicants with disabilities during the application and hiring process where appropriate.
- NSA is an equal opportunity employer and abides by applicable employment laws and regulations.

For questions concerning the application process, please contact NSA Recruitment & Staffing at: 1-866-NSA-HIRE (1-866-672-4473) or e-mail [customercare@NSA.gov](mailto:customercare@NSA.gov)
